

Job Classification: Psychiatrist 3

Working Title: Medical Director

Anoka Metro Regional Treatment Center (AMRTC) is seeking a Medical Director to provide clinical direction, supervision of medical staff, and oversight of the hospital to ensure excellent care for patients. As the Medical Director, you will be responsible for directing admissions from multiple referral sources, including jails, hospitals, and community settings. You will work as part of an executive team to set standards for patient care and ensure the highest standards of quality and safety.

AMRTC is a 100-bed modern tertiary care teaching hospital, which provides care to a dynamic patient population within the state of Minnesota. AMRTC serves committed individuals with complex psychiatric and behavioral health needs and is a critical part of the continuum of care for hospitals, communities, and courts within the state. AMRTC is the hub of a state psychiatric care network including 7 smaller hospitals and a wide range of community-based resources. Patients at AMRTC have longer lengths of stay than most community hospitals, affording the opportunity to delve into complex behavioral and physical health concerns and help set the patients it serves on a trajectory toward wellness.

AMRTC provides the convenience of working in the Twin Cities metro area (a national leader in outdoor activity, biking, theater, and healthcare), without the hassle of the downtown commute. We provide the opportunity to work with a dedicated and experienced clinical staff as well as the benefits of working for a sophisticated state public healthcare system.

We offer a robust compensation and benefits plan that includes generous cash compensation, comprehensive health insurance, state pension eligibility, student loan reimbursement, sign on bonus, CMEs, vacation and sick time to support a healthy work life balance and more!
