

Gundersen Health System is seeking a BC/BE Psychiatrist to join our Behavioral Medicine Department. We will consider your ideal practice, with opportunities in outpatient, inpatient, consult liaison. Provide ECT and TMS if interested.

Practice Highlights:

- 34 bed Inpatient Behavioral Health Unit
- Competitive Salary, Loan Forgiveness, and Exceptional Benefits
- An innovative academic environment in partnership with the University of Wisconsin Medical School means you can enjoy the best of practicing in an academic medical center --teaching and research--in addition to patient care
- Highly collaborative team includes 12 Adult Psychiatrists, 4 Child Psychiatrists, 12 Psychologists, 5 Psychiatric NPs, an Addictionologist and a host of Master's prepared Therapists and Counselors
- In an organization based on medical/administrative partnerships, managing all aspects of the business, you can have a voice in the way things work at Gundersen Health System
- We were the first health system in the nation to offset 100 percent of our energy cost by renewable sources and sustainable practices

Gundersen is an award winning, physician-led, integrated healthcare system employing nearly 650 medical staff. Our mission is to distinguish ourselves through excellence in patient care, education, research and improved health in the communities we serve. A rewarding practice and excellent quality of life awaits.

La Crosse is a historic, vibrant city nestled between bluffs and the legendary Mississippi River. La Crosse boasts some of the best outdoor recreation, excellent schools including three universities, affordable housing in safe neighborhoods, an endless variety of live entertainment and breathtaking beauty, making this a great place to call home.
