Rasimas, MD, PhD, FAPM; Moderator: MPS President Michael Trangle, MD, DFAPA
- 5:30-6:30 pm Reception
- 6:30-7:15 pm Dinner
- 7:15-7:45 pm Awards and Year in Review– MPS President Michael Trangle, MD, DLFAPA
- 7:45-8:30 pm Keynote, APA's Long View – APA President Elect Bruce Schwartz, MD

Overview

“Suicide is a leading cause of death for Americans – and it’s a tragedy for families and communities across the country,” said CDC Principal Deputy Director Anne Schuchat, MD. “From individuals and communities to employers and healthcare professionals, everyone can play a role in efforts to help save lives and reverse this troubling rise in suicide.” Psychiatrists and other medical and mental health providers are being call upon to address the rising suicide rates both in practice and as experts within the larger community. This program is designed to offer participants information about risk, prevention and assessment of suicide to improve awareness, contribute clinical and communications tools and enlarge the pool of partners to address the growing numbers of completed suicides. Presenters will review new research and offers supports for patient populations to help providers address specific needs with evolving models that include as many supports as possible. By coordinating messaging with emerging tools and developing standardized approaches, this conference aims to empower participants to actively work together to reduce suicide in Minnesota.

Educational Objectives

At the end of the educational activity, the learner will be able to:

- Learners will review program agenda and list overall learning objectives.
- Become familiar with suicide assessment tools
- Learn about predictive tools for suicide and their potential applications
- Review suicide data that prompted the regulatory response
- Examine current JACHO / CMS surveyor standards
- Describe JACHO and CMS regulatory requirements
- Discuss implementation considerations and barriers
- Discuss impact on access to care
- Review elements of Malpractice as they relate to suicide management
- Identify community and legal expectations of psychiatry in suicide prevention
- Address issues of “foreseeability” and Suicide prediction and prevention
- Use of clinical tools for suicide detection and statistical limitations of prediction
- Identify weakness of current documentation practices and “best practice” strategies for Bulletproofing documentation to minimize accusations of medical malpractice in psychiatric care of suicidal patients
- Briefly review the current state of suicide research in youth
- Examine findings from a cohort of youth followed from their first suicide attempt coming to medical attention over a period of 25 years
- Consider the implications of these epidemiological findings for present management and future work with suicidal youth
- Review data regarding rural suicides
- Discuss effective approaches to support rural communities
- Understand critical need, and consider ways to respond
- Describe Zero Suicide Academy goals
- Understand the scope of Veteran Suicide
- Identify the key components of the VA Public Health Approach
- Identify the systemic approach used by the CDC
- Know what resources to connect/refer veterans to who are needing treatment
- Discuss effective public health approaches to address military suicides
- Understand critical need, and consider ways to support the VA response

Who Should Attend

This educational activity is intended for psychiatrists, primary care physicians, emergency physicians, psychologists, social workers, physician assistants, registered nurses, advance practice nurses, compliance officers and clinic administrators. All mental health professionals and general health professionals are welcome, including students and residents.

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the American Psychiatric Association (APA) and Minnesota Psychiatric Society. The APA is accredited by the ACCME to provide continuing medical education for physicians.

Designation

The APA designates this live activity for a maximum of 7.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician CME Certificates

At the conclusion of the conference, physician participants will be provided with an opportunity to claim hours of participation and receive an official CME certificate by completing the online CME conference evaluation.

1. Go to <http://apapsy.ch/MN-risk>
2. Click "Access Activity" and log in with your APA username and password or create a new account.
3. Enter the Group ID MN191 on the Purchase page and click "Submit" to proceed to the evaluation and certificate. Select "AMA PRA Category 1 Physician" as your certificate type.

You must claim your CME credit within 60 days of the conference. Certificates will not be issued after July 4, 2019. For customer support, please email apalms@psych.org.

Certificate of Attendance for Non-Physicians

Non-physician participants will have the opportunity to receive a certificate of attendance. At the conclusion of the conference, participants should complete the online conference evaluation at <http://apapsy.ch/MN-risk> in order to print a certificate of attendance. Follow the instructions above, but select "Certificate of Participation" as your certificate type.
